Oil-Absorber

Kategorie: Appliances

Artikelnummer: 1370613

RAVENOL Oelbindemittel is a highly effective multi-absorbent with a binding capacity of 9,9L per 15L bag: grain size: 0.125 - 4mm, 100% organic, floatable binder, type I, II, III R, SF.

RAVENOL Oelbindemittel is a mobile first aid and is designed for smaller areas. It takes effect within a few seconds and can absorb a variety of chemicals in addition to oil, including: lubricants, liquids, coolants, fuels, oil paints, aerosols, etc. and thus ensures safety and cleanliness in the workplace.

Application Note

RAVENOL Oelbindemittel binds oils, greases as well as other spilled liquids quickly and reliably. It takes effect a few seconds after application and can then be swept up. The disposal should be done in compliance with the law, depending on the specific substance bound. It should be stored in re-sealable containers and as dry as possible to prevent mold growth.

Characteristics

- non-toxic for humans, animals and the environment
- non-flammable
- leaves no residues
- takes effect after a few seconds
- universal range of applications
- hydrophobic and olephilic
- can be stored longer when dry
- floatable
- based on natural fibers
